

THE LOGICAL CHOICE IN WEATHER MODIFICATION

A PROUD MEMBER OF THE WEATHER MODIFICATION ASSOCIATION SINCE 1950

North American Weather Consultants (NAWC) is the world's longest-standing private weather modification company.

A recognized leader since 1950, many consider us the world's premier company in this dynamic field. We are proud of our sterling record and long list of satisfied customers.

Our weather modification services span the full spectrum, from a) feasibility studies to b) turn-key design, conduct, and evaluation of projects to c) total technology transfer. By combining practical technical advances with field-proven methods and operational expertise, we provide expert assistance to water managers and users in the agricultural, governmental, and hydroelectric communities worldwide.

We offer ground-based and/or airborne, summer and winter operational and research programs. Additional specialties in extreme storm studies, climatic surveys, air quality, meteorological observing systems, forensic meteorology and weather forecasting, broaden our meteorological perspective.

Whatever your weather modification needs, we can help. We will tailor a project to your specific circumstances, bringing together the best-suited methods, materials, equipment systems and talent to provide you with the greatest value.

When you put it all together, **NAWC is the logical choice** for high value weather modification services. For more information, visit our website at www.nawcinc.com. To discuss your specific needs, contact us at (801) 942-9005 or by email at nawc@nawcinc.com.
